

The background of the entire image is a dark grey or black field filled with a complex network of glowing blue and yellow lines. These lines form a circuit-like pattern, with many small circles and dots at the intersections, suggesting a digital or neural network. In the center of the image, there is a faint, glowing blue outline of a human brain. The brain is surrounded by these circuit lines, and some of the lines appear to be connected to the brain, symbolizing the intersection of technology and biology. The overall aesthetic is high-tech and futuristic.

GL-tech

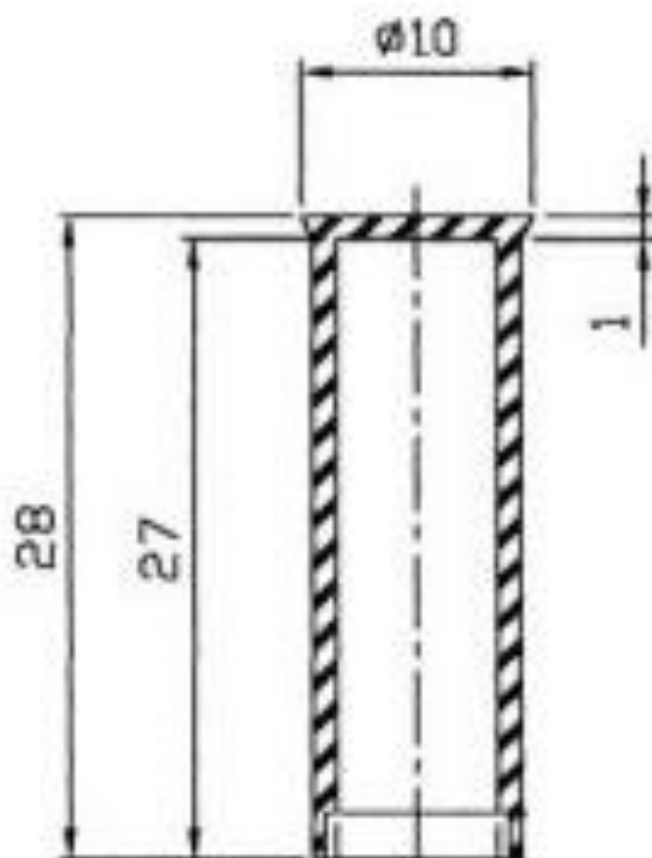

Tecnologia e Inovação

Sensor magnetico

O sensor magnético GL-tech foi desenvolvido com alta tecnologia trazendo confiança e segurança para os nossos clientes, com a função de enviar sinal de abertura e fechamento de eventos mecânicos, por exemplo: cancelas, portões, portas, janelas e etc.

MODELO	SENSOR MAGNETICO
CORRENTE MAXIMA	0,5A
